COURSE OBJECTIVES

Education is the manifestation of the perfection already in man
-Swami Vivekananda

In keeping with this thought of Swami Vivekananda, our college will be conducting an add-on course on Value Education parallel to the curriculum prescribed by the University of Calcutta. The objective of the course is to bring about a holistic development and moral edification of our students. By rekindling and instilling eternal moral values in our students, we hereby aim to nurture their innate goodness and infuse confidence in them.

It is a privilege for our college that the course is being conducted in collaboration with Swami Vivekananda's Ancestral House and Cultural Centre, RKM, Kolkata, under the wise guidance of Revered Swami Jnanalokananda Maharaj ji, Hon'ble Secretary of the institute.

To put it in the words of Swami Jnanalokananda Maharajji, "Values are being practised by human beings since the very beginning of civilization. We have to remember that sustained and prolonged practice only would bring out the desired result. This is a constant pursuit for excellence."

We are hopeful that through a sustained training of our students we can also contribute positively to the society at large.

COURSE SYLLABUS
